"I can't thank Michelle enough for all her help. I've had so much fun running ideas by her and being shown how to put my ideas in to practice."

"It's not just the skills behind the decks that Michelle helps with, it's building confidence to be able to stand up in front of people and DJ."

"What Michelle has taught me is now being reflected in my sets. She is great at getting the best out of people, she's patient, she listens and always willing to recap, answer any questions, demonstrate and reassure by encouraging practice."

"Michelle is refreshing and motivating because not only is it admirable she succeeded as a professional DJ herself, but she is also keen to pave the way and make things as smooth as possible for other females wanting to get into the industry."
